---

Good afternoon, gentlemen,

I apologize for my oversight vis-à-vis the Consumer Quality Reports. Here they are:

1. 2013: <https://www.cityofsacramento.org/-/media/Corporate/Files/DOU/Reports/2013CCR.pdf?la=en>
2. 2014: [https://www.cityofsacramento.org/-/media/Corporate/Files/DOU/Reports/2014\\_CCR\\_Citywebsite.pdf?la=en](https://www.cityofsacramento.org/-/media/Corporate/Files/DOU/Reports/2014_CCR_Citywebsite.pdf?la=en)
3. 2015: <https://www.cityofsacramento.org/-/media/Corporate/Files/DOU/2015-CCR.pdf?la=en>

Please let me know if you have trouble accessing these documents. I will also loop back with EH&S about your concern regarding additional information reportedly provided by Dr. Foran in March and additional testing, as referenced in your email, to determine whether there is additional responsive information.

Thank you,

Jake

Jake,

I'm working on a formal response to your very limited response.

In the meantime,

-The Consumer Quality Report was not attached to the document provided to us as indicated in your letter.

-It is our understanding from Dr. Foran that in addition to the samples he took in January, he also took tests in March, 2016 and provided those to the University. We also understand that EHS tested the water for lead in various locations including the childcare center. We request copies of those test results as well.

We are trying to find out which faculty members and their families have been exposed to lead so that they can take any health precautions that might be necessary to protect themselves.
